COMMONLY ASKED QUESTIONS

WHAT IS THE MAXIMUM SPEED ON A MEXLLER E-BIKE?

They're speedy! Both our models offer battery assistance up to 25km per hour. Once over 25km per hour, the power supply will stop (for safety), and will resume once the speed drops to below 25km per hour.

HOW FAR WILL MY E-BIKE GO ON ONE CHARGE?

It varies depending on the level of assisted riding you do on the e-bike. As a general guide, on assistance Level 1, the bike can go more than 100 km, as you are not using the battery as much. On assistance Level 5, the battery will last approximately 70km.

HOW LONG DOES IT TAKE TO FULLY CHARGE THE BATTERY?

From flat, the battery will take about 4 to 5 hours to fully charge. It plugs into the wall using the charger provided.

WHAT IS THE WARRANTY ON THE MEXLLER E-BIKES?

Quality assurance is given - e-bikes are covered by 1-year warranty from the date of purchase for material failure. Any issues can be discussed with the store purchased from to find a suitable resolution.
